2011 - 2012 Early Childhood Full Day and After School Programs

General Information

Early Childhood Afternoon - Noon to 3:00 p.m.

The Early Childhood Afternoon is available for Nursery and Kindergarten students who are enrolled in our morning programs. A full day program is available for the whole year at a reduced rate, but some available spaces make it possible to provide an afternoon option for select months. Due to space limitations, the monthly EC Afternoon option is available only on a first-come, first-served basis. The EC Afternoon operates Monday through Friday, from 12 noon until 3 p.m. A healthy organic lunch and a light snack is included with the EC Afternoon program. This program provides time in your child's day for rest and play, as well as a time to nurture friendships and engage in interesting activities. Story-telling and clean-up round out the day.

After School Program 3:00-6:00 p.m.

The After School Program is available for grade school students, as well as children coming from the Early Childhood Afternoon Monday through Friday, from 3 p.m. until 6 p.m. The day follows a rhythm of snack, play, and creative activities. Parents may opt to sign a monthly or yearly contract to receive a discount, or pay the hourly rates. Special enrichment workshops may be offered and will be invoiced separately from the regular After School Program.
